Elise Stefanik represents the 21st District of New York State as a Congresswoman. A graduate of Harvard University and the youngest woman elected to Congress in 2014, Rep. Stefanik has been heralded as a rising star and trailblazer. She will join us to speak about the importance of education, women's empowerment, and the fight against antisemitism.

"HMCTE's Women's Circle is an apolitical initiative and does not endorse any candidates. The Women's Circle welcomes diverse speakers from across racial, religious, gender, and political identities, welcoming and affirming each individual's experiences."
